STUDENT SUCCESS SPOTLIGHT

Less than one year ago, Hau Truong came to the United States from Vietnam. Since then, he has taken full advantage of the resources available to him at HBAS – Huntington Beach Adult School. In doing so, Hau has become a great example to other students in our programs who come

from similar situations. What makes Hau truly stand out is the fact that he has been successful in all three HBAS programs.

Hau first took advantage of our ESL – English as a Second Language Program, hoping to get his English abilities to a point where he could move on to post-secondary education. Just a few weeks into taking ESL classes, he enrolled in our ASE – Adult Secondary Education Program, and began working toward his high school diploma. Wanting to continue his education, Hau then enrolled in and completed the CTE Pharmacy Technician Program, which allowed him to get a job in the medical field while he pursues a degree in college.

He is such an inspiration that one of his counselors suggested that he speak to our Community Advisory Committee group at our last meeting in May. At the meeting, Hau spoke about his successes and the goals he still has for his future. One of his stated goals was to have more opportunities to speak publicly, as he had been shy about speaking in public previously and knows that this is a area he wants to improve on moving forward. He did such a great job speaking at the advisory committee meeting that he was asked to come back and speak at his graduation ceremony. At the graduation, Hau spoke confidently as he represented the HBAS Class of 2019. During the ceremony, Hau was awarded the Simon Youth Foundation College Scholarship in the amount of \$8,000, an amount that was matched by a private donor. Hau recently started his Pharmacy Technician externship at a local major pharmacy and he also enrolled at Golden West College. He plans to transfer to UCLA or UCI to complete his degree. We are happy to have sent Hau off in pursuit of his dreams with a high school diploma, a job, and a \$16,000 college scholarship to help him reach his goals.

HBAS WELCOMES NEW ASSISTANT PRINCIPAL

Hello! I am Jason Ross, the newest member of the Huntington Beach Adult School administrative team. After over 20 years of helping high school students find their passions as both a teacher and assistant principal in the HBUHSD, I am fortunate to be able to join the team of incredible teachers and support staff at the Huntington Beach Adult School as the assistant principal over our Career Training and Community Education programs. When I think about my first few months at HBAS, the phrase *"It's never too late to learn something new"* comes to mind. I have been fortunate to meet so many adult students of all ages who continue to learn and grow. From students who are starting in our Medical Billing, Pharmacy Technician and Medical Assisting programs and who are excited to begin this next chapter of their lives to adults taking our HBAS Community Education classes to learn ceramics, painting, line dancing and more, our students are enjoying learning while creating new opportunities and developing new skills and hobbies.

Jason Ross

I look forward to keeping up the tradition of excellence in our career training programs while also working with the community to increase the variety of classes HBAS offers through our community education programs. To help us continue to improve, I want to hear from you. If you have an idea about a class you would like to take or even teach, please email me at jross@hbas.edu. I look forward to hearing from you and hope to see you in one of our HBAS classes very soon!

PRINCIPAL'S MESSAGE

Steve Curiel, Principal

As the HBAS principal for almost 10 years now, I look back and consider myself blessed to have this amazing job. What brings me great joy is seeing our students overcome the challenges of attending school while managing an adult life. Graduations are especially joyful as I get to see families and friends experience the same joy of watching their/our students succeed. I think I can safely say on behalf of my staff that we all find joy in the success of our students.

Our students succeed in many ways because we have an amazing staff. A staff, that is focused on making sure our students succeed. A staff that sacrifices in so many ways to make sure students have the opportunities, resources, and

guidance to reach their goals and to succeed thereafter. Whether it be working evenings or split schedules or on Saturdays, staff prioritize their schedule for students. Some staff develop their own instructional books on their personal time to save students from having to purchase more expensive published books, or take time outside of their work schedule to advise students on educational or personal issues. Our staff goes the extra mile and I have to be honest that my staff, my colleagues, my team, brings me just as much joy as our students.

Sincerely, Steve Curiel, Principal, Huntington Beach Adult School

Administrative Assistant Certificate Program

Enter the world of office administration by performing and coordinating an office's administrative activities and storing, retrieving, and integrating information for dissemination to staff and clients. Administrative Assistants (formerly referred to as secretaries) perform a variety of administrative and clerical duties necessary to run an organization efficiently. They serve as information and communication managers for an office; plan and schedule meetings and appointments; organize and maintain paper and electronic files; manage projects; conduct research; and disseminate information by using the telephone, mail services, web sites, and e-mail. Administrative Assistants with experience and/or specialized training can advance to Executive Assistants and legal and medical assistants. Such advancements can result in significantly higher pay. To receive program certification students must complete all classes within a 2-year time frame. High School Diploma/GED required. Student must pass English/math entrance exam.

Office Clerk/Data Entry Clerk Certificate Program

Rather than performing a single specialized task, Office Clerks/Data Entry Clerks have responsibilities that often change daily with the needs of the specific job and the employer. Some clerks spend their days filing or keyboarding. Others enter data at a computer terminal. They also operate photocopiers, fax machines, and other office equipment; prepare mailings; proofread documents; and answer telephones and deliver messages. The specific duties assigned to a clerk vary significantly, depending on the type of office in which he or she works. The HBAS Career Training Center prepares Office Clerks/Data Entry Clerks to be prepared for just about any environment they might find themselves in. To receive program certification students must complete all classes within a 2-year time frame. High School Diploma/GED required. Student must pass English/math entrance exam.
