STUDENT SUCCESS SPOTLIGHT

Jesus Salgado is one hard working student. He is currently employed full-time as a security associate for St Joseph Memorial Care Hospital. After working for six years in security services protecting people and enforcing hospital regulations, he was looking for a career change and an opportunity for personal and professional growth. During his six years working in a hospital setting, Jesus' curiosity for patient support grew within. This led him to research Career Technical Education programs related to the medical field. Jesus visited multiple technical schools before choosing the Huntington Beach Adult School. When

asked why he chose HBAS, Jesus said, *"It was the affordability as well as the support HBAS offers."* Jesus completed both the Medical Billing and Coding certificate program and the Pharmacy Technician certificate program. Obtaining his dual certificates did not come easy; he tirelessly multi-tasked between graveyard shifts while attending full time courses at the adult school. Jesus once put it, *"I accepted my CTE teacher's guidance and for that reason I felt encouraged to keep pursuing my career education."* For Jesus, it is just a matter of his license clearance and a job is already waiting for him as a pharmacy technician!

Steve Curiel, Principal

As I look back 10 years ago to 2010, there are so many things that have changed at HBAS that it is hard to recognize our school in many ways. When I describe our school to others they are always surprised by how large and complex our school is. At first I, was surprised they were surprised. But after a while I grew to appreciate what they saw and truly HBAS is a complex school. We offer over 100 classes at over 20 locations in 4 city communities. We serve over 7,000 students a year that range in age from 2 to 90+. We are funded by state, federal, and local (fees) dollars. We work with close to 30 partners whose combined contribution of direct and indirect support is \$1.7 million or about 20% of our programs costs.

The second question I typically get is how do you manage such a complex school. The answer is simple. I have an amazing team of teachers, staff, and administrators that I work with. Significant to making the complex manageable is the work that our administrators take on. We each have strengths and experiences that allow us to manage various aspects of our school effectively and efficiently. Together, we have over 60 years of administrative experience in addition to our teaching experience. I can truly say that I feel blessed to have such a competent and hard working administrative team that I enjoy working with. As I look forward to the next 10 years, I know we are ready for whatever challenges come our way because of the people who make HBAS such an amazing school.

Sincerely, Steve Curiel, Principal, Huntington Beach Adult School

Hybrid Computer Classes

Hybrid Course Information

These courses are entirely self-paced with the majority of work completed online. You are only required to attend class on the 3 specific dates listed below. You do not need to download any software or wait for future lessons. Within the 5-week session, you can access and work on any lesson 24 hours a day and work as little or as much as you like—whatever suits you best. To budget your time, plan an average of 6 hours per week in online instruction (about 1 lesson per week). This includes reading the materials, watching video lessons, completing assignments and uploading your work. **PC only.**

Computer Requirements: Full version of Microsoft Office 2016 is required to learn the program (i.e. Word online requires you to have Word 2016 or higher, Excel requires Excel 2016 or higher, etc., not a starter edition). This must be installed on your computer prior to starting the class. Internet access is also required in order to successfully watch the video content and upload your completed assignments to the instructor. The online classes are based on a PC with Windows 10, not a Mac. A free download of Office 2016 365 is available to HBAS students. Please email tforeman@hbas.edu for 365 Account details.

Students are REQUIRED to attend 3 classes on the HBAS Gothard campus on the dates listed below.

Refund Policy

Sometimes it becomes necessary to cancel a class due to low enrollment or a problem with facilities or staff. If HBAS cancels a class, a full refund will be issued automatically. Student initiated refunds, minus a \$20 registration processing fee, will be granted if HBAS receives the request in writing at least 3 working days before the first day of class. A request for credit may be initiated by a student if received by HBAS in writing at least 1 day before the first day of class. **No refunds or credits may be requested after the first day of class.** There are no refunds for classes \$49 or less; however, a credit may be requested if done so in writing before the first day of class. For refund policies for Kindergarten through 12 grade community education classes see the policy listed for the specific program on the hbas.edu website. For more information contact us at info@hbas.edu or (714) 842-4227.

No refund for classes less than \$49.

Returned Check fee

The Adult School charges a fee of \$25 for checks returned to us for insufficient funds.

Attendance

A specific number of students is required to offer a class, and it may be closed if attendance falls below limits; therefore, students have an obligation to each other to attend regularly.

Enrollment Confirmation

All online registrations receive automatic confirmations via email. HBAS does not usually send confirmations of enrollment in a class. If you would like confirmation to be sent to you, please include a self-addressed, stamped envelope with the registration form or include your email address and a request for confirmation. You may also call the department one week prior to the start of the class.
