STUDENT SUCCESS SPOTLIGHT

Breanna Linville is the perfect student to showcase for our 50th Year Anniversary catalog. As both a GED completer and a CTE program graduate at HBAS, Breanna has shown how dedication can pay big dividends when combined with great effort. Although Breanna is now on the road to success, school has not always been easy for her. She dropped out of Westminster High School when she was just 17 after moving schools many times during her elementary and high school years. When Breanna had her daughter, going back to school to get her GED became her goal. She started in GED programs four or five times, but each time life's challenges got in the way. It was April, 2019 when everything changed. Breanna's best friend enrolled the both of them in the GED program at HBAS. Breanna says it was just the push she needed to get started again. But the reason why Breanna stayed with it and completed her GED was her grandfather, who had terminal cancer. While earning her GED, Breanna was helping her grandmother take care of her grandfather 24/7. She wanted to show him that she could do it, that she would be alright and would help take care of her grandmother too. Amazingly, Breanna finished the GED program in less than two months by studying day and night to pass the exam. Next, Breanna enrolled in and completed the Medical Billing and Coding pathway program. As if that wasn't enough, she is currently enrolled in the Medical Assistant pathway and looks forward to completing the program in the fall. When asked why she chose HBAS to earn her GED and her CTE certificates, Breanna said, *"the staff always encouraged me. From completing my GED, to Medical Billing and Coding, to adding the Medical Assistant program, HBAS is an amazing school with an outstanding staff and programs. They pushed and supported me to the best version of myself."*

Breanna Linville

Breanna plans to join the workforce as a Medical Biller or Medical Assistant after completing her last classes and her externship. She plans to further her education to become a Licensed Vocational Nurse (LVN) so she can continue to help people.

HBAS is very proud of Breanna for everything she has achieved and we wish her well in her next endeavors. Congrats!

OUR FRIENDLY STAFF WELCOMES YOU!

Anne Moore, CTE Senior Secretary

PRINCIPAL'S MESSAGE

Steve Curiel, Principal

At HBAS, we are thrilled to be celebrating our 50th anniversary in 2021. Looking back in our school history to try and identify what has remained from 1971 and there is not a lot you can quickly point to. In these years our main campus has moved six different times and from offering classes at one location and now close to 20 locations. In our first few years, we served just a few dozen students, then grew to serve more than 15,000 annually in the early 2000s, and then shrank down to our current yearly enrollment of around seven to eight thousand students. Our class offerings have varied substantially as well with an initial focus mainly on high school diploma for adults and community enrichment class to a focus on career and college preparedness through classes such as ESL, high school diploma, and career technical education.

One thing that I can say has been not as much a tradition but more of a core value for us is our ability to adapt to whatever the community needs. HBAS has been what the community asks it to be. As an outstanding example of this, I point to our quick adaptation to function and continue to serve the community under COVID-19. The loss of the traditional classroom could have meant an end to our program for the remainder of the school year and possibly into the new school year. But our staff, not willing to let students fall behind, adapted quickly to teach online via several web-based tools. This meant they not only needed to adapt their curriculum for delivery via both real-time and non-real-time instruction, but also learn to use a number of new computer software and hardware tools, sometimes being taught by their students in this regard. This is why I am confident we will be ready for whatever lies ahead of us over the next 50 years and that our community will continue to be served in the way it wants to be served.

Sincerely, Steve Curiel, Principal, Huntington Beach Adult School
